

TECHNOLOGY ASSOCIATION OF GEORGIA

CORE VALUES

Connecting

Facilitating exchanges through networks that promote meaningful outcomes for members and member companies.

Cultivating

Providing timely and pertinent education, training, mentoring and support that keep professionals current, ready, and able to perform at optimal levels.

Celebrating

Recognizing Georgia companies and professionals who inspire others to achieve extraordinary accomplishments that advance the industry.

Committed

Responding to relevant needs in our technology community, while representing our constituents as an agent of positive change to build Georgia's tech-enabled economy.

Community

Forging strategic alliances that foster a technology-based economy in Georgia.
