

Where Georgia Leads: Middle Georgia

Middle Georgia Region is the metropolitan area located near the geographic center of the state and is anchored by the cities of Macon, Warner Robins and Fort Valley.

As the home of over **440,000** people and the birthplace of several **nationally-renowned recording artists**, the region is also “making music” when it comes to **innovation**.

Lead by its companies, highly-rated colleges and governmental facilities, the region serves as an emerging center for **Aerospace, Health IT, Logistics, Transportation Technology**, and more.

Middle Georgia Regional Commission

Known as **Georgia's "Aerospace Corridor"**, **Middle Georgia** boasts more than **100** aerospace companies and contractors and over **30,000** aerospace workers.

Middle Georgia is a major **logistics/distribution center** accessible via 2 major interstates to 4 major seaports; the largest rail switching center on the **East coast** and **one of the world's** busiest airports.

Warner Robins, located in the southeastern portion of the region has been listed as one of **Wired Magazine's** 12 Small Cities Driving the Knowledge Economy.

Middle Georgia is home to the **Warner Robins Air Logistics Center**, the worldwide manager of military aircraft, software and equipment.

About Technology Association of Georgia

TAG's mission is to educate, promote, influence, and unite Georgia's technology community to foster an innovative and connected marketplace that stimulates and enhances Georgia's tech-based economy. The association provides members with access to networking and educational programs; recognizes and promotes Georgia's technology leaders and companies; and advocates for legislative action that enhances the state's economic climate for technology.

About TAG Middle Georgia Chapter

The TAG Middle Georgia Chapter was founded in 2012 and serves more than 245 individuals and organizations located in Macon, Fort Valley, Warner Robbins and the 11 surrounding communities that make up the Central Georgia region.
